

Reconnecting the headset

If the connection is lost while in use:

- Press the Talk button on the headset or use the Bluetooth menu on your phone.

When the headset is paired with a phone, it will attempt to automatically reconnect each time you turn it on. If the Multi-point feature is activated, your headset will attempt to reconnect to the two most recently connected devices. This feature may not be supported on some devices.

Disconnecting the headset

Turn off the headset or use the Bluetooth menu on your phone.

Using call functions

- Available call functions may differ from phone to phone.
- Some functions are only available when using the Hands-Free profile.

Making a call

Redialing the latest number

To redial the last number dialled on the primary phone:

- Press and hold the Talk button.

To redial the last number dialled on the secondary phone:

- Press the Talk button twice.

Some phones open the call log list on the first press of the Talk button. Press the Talk button again to dial the selected number.

Dialing a number by voice

Press the Talk button.

This function is only available on the primary phone.

Answering a call

Press the Talk button to answer a call when a call comes in.

Rejecting a call

Press and hold the Talk button to reject a call when a call comes in.

If you receive calls on both connected phones at the same time you can only answer or reject the call on the primary phone.

Ending a call

Press the Talk button to end a call.

Options available during a call

You can use the following functions during a call.

Adjusting the volume

Press the Volume up or down button to adjust the volume.

You will hear a beep when the volume level of the headset reaches it's lowest or highest level.

Muting the microphone

Press and hold the Volume up or down button to turn the microphone off so that the person with whom you are speaking cannot hear you. When the microphone is turned off, the headset beeps at regular intervals. Press and hold the Volume up or down button again to turn the microphone back on.

Transferring a call from the phone to the headset

Press the Talk button on the headset to transfer a call from the phone to the headset.

Placing a call on hold

Press and hold the Talk button to place the current call on hold.

Answering a second call

- Press the Talk button to end the first call and answer a second call.
- Press and hold the Talk button to place the first call on hold and answer a second call. To switch between the current call and the held call, press and hold the Talk button.

Using voice prompts

Voice prompts will inform you about the current status of the headset and usage instructions. If you can't hear any voice prompts, make sure the voice prompt feature is turned on.

Turning the voice prompts on or off

To turn the voice prompts on

In Pairing mode, press and hold the Volume up button for 3 seconds. You will hear *"Voice prompt is on"*.

To turn the voice prompts off

In Pairing mode, press and hold the Volume down button for 3 seconds. You will hear *"Voice prompts is off"*.

Changing the language

Supported languages may vary depending on the region in which it was purchased.

- In Pairing mode, press and hold both volume buttons simultaneously to select a language.

List of voice prompts

Status	Voice prompt
When you turn the headset on or off	<i>"Power on" or "Power off"</i>
When you enter Pairing mode	<i>"Ready to pair. Search for the headset from the Bluetooth menu"</i>
When you turn Multi-point feature on or off	<i>"Multi-point mode is on" or "Multi-point mode is off"</i>
When you connect the headset to the devices	<i>"Device is connected" or "Two devices are connected"</i>
When you disconnect the headset from a device	<i>"Device is disconnected"</i>
When you reject or end a call	<i>"Call terminated"</i>

* Voice prompt content may vary depending on the region in which it was purchased.

Resetting the headset

When the headset is paired with a device, it automatically saves connection and feature settings, such as the Bluetooth address or device type of the mobile phone.

If you want to reset the connection settings in the headset:

- In Pairing mode, press and hold both Volume buttons and Talk button at the same time for 3 seconds. The blue indicator light flashes 4 times.

When you reset the headset, all connection settings in the headset will be deleted and the connection with your phone will be lost. In order to use the headset, you will have to pair it again.

Appendix

Standby time	Up to 150 hours*
Talk time	Up to 4.5 hours*
Play time	Up to 4 hours*
Charging time	Approximately 2 hours

* Depending on the phone type and usage, the actual time may vary.

Frequently asked questions

The headset does not fully charge.	The headset and the travel adapter may not have been connected properly. Separate the headset from the travel adapter, reconnect, and charge the headset.
I cannot use all the features described in the manual.	Available features may vary depending on the connected device. If your headset is connected to two devices at once, some features may be unavailable.
Will my headset work with laptops, PCs, and PDAs?	Your headset will work with devices that support your headset's Bluetooth version and profiles.
Why do I hear an echo while on a call?	Adjust the headset volume, or move to another area and try again.
Why do I hear static or interference while on a call?	Appliances such as cordless phones and wireless networking equipment may cause interference, which usually sounds like static. To reduce any interference, keep the headset away from other devices that use or produce radio waves.

Will my headset interfere with my car's electronics, radio, or computer?	Your headset produces significantly less power than a typical mobile phone. It also only emits signals that are in compliance with the international Bluetooth standard. Therefore, you should not expect any interference with standard consumer-grade electronics equipment.
Can other Bluetooth phone users hear my conversation?	When you pair your headset to your Bluetooth phone, you are creating a private link between only these two Bluetooth devices. The wireless Bluetooth technology used in your headset is not easily monitored by third parties because Bluetooth wireless signals are significantly lower in radio frequency power than those produced by a typical mobile phone.
How do I clean my headset?	Wipe it with a soft dry cloth.

Certification and Safety approvals

FCC

FCC ID: A3LHM1900

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

The device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

Users are not permitted to make changes or modify the device in any way.

Changes or modifications not expressly approved by Samsung will void the user's authority to operate the equipment.

UL certified travel adapter

The travel adapter for this headset has met applicable UL safety requirements.

Please adhere to the following safety instructions per UL guidelines.

FAILURE TO FOLLOW THE INSTRUCTIONS OUTLINED MAY LEAD TO SERIOUS PERSONAL INJURY AND POSSIBLE PROPERTY DAMAGE.

IMPORTANT SAFETY INSTRUCTIONS – SAVE THESE INSTRUCTIONS.

DANGER – TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, CAREFULLY FOLLOW THESE INSTRUCTIONS.

FOR CONNECTION TO A SUPPLY NOT IN NORTH AMERICA, USE AN ATTACHMENT PLUG ADAPTOR OF THE PROPER CONFIGURATION FOR THE POWER OUTLET.

THIS POWER UNIT IS INTENDED TO BE CORRECTLY ORIENTATED IN A VERTICAL OR HORIZONTAL OR FLOOR MOUNT POSITION.
